INFORMATION DISCLOSURE STATEMENT

SIR:

In order to comply with discretionary regulations 37 CFR 1.97 and 1.98, attached hereto is a copy of Form PTO-1449 and copies of the non-US documents (if any) listed thereon. These documents contain information which the Examiner may consider to be important in deciding whether to issue a patent in the instant application. Applicant respectfully requests that the Information Disclosure Statement filed after payment of the issue fee and before granting of a patent on the above-identified application be placed in the file in accordance with 37 CFR 1.97, whether or not it will be considered by the office.

Also attached is a copy of a Supplementary European Search Report dated October 8, 2004 for European Patent Application EP 00 97 0113. All of the documents cited in the European Search report were cited in the Information Disclosure Statement filed on November 18, 2004 and re-submitted April 24, 2007.

The present Information Disclosure Statement is being submitted in compliance with 37 CFR 1.56 as an Examiner might consider any cited document important in deciding whether to allow the application to issue as a patent, but the citation of each document is not to be construed as an admission that such document is necessarily relevant or prior art. No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the Examiner in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104 (a), and in the course of such search will review for relevance every document cited on the attached form even if not initialed.

Any fee due with this paper may be charged on Deposit Account 50-1290.

Early and favorable consideration is respectfully solicited.

Respectfully submitted,

Dexter T. Chang
